

IFA PANEL

Professional ADVISER

Professional Adviser launched its IFA panel at the end of April this year with 200 advisers from firms up and down the length of the UK.

Over the past four months we have put a variety of topical questions to the panel allowing members to have their say and see what others in the industry also think about the big issues.

This has been well-received by the IFA community and more advisers have put their hands up to join the panel which is now 250-strong.

This week we publish the full list of the 250 advisers on the *Professional Adviser* panel and also begin a series of profiles of these advisers.

The first IFA to be profiled is Alok Dhanda, principal of Dhanda Financial in Newcastle (page 23).

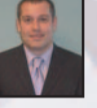

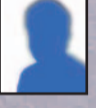

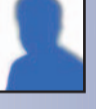

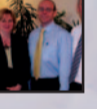

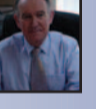

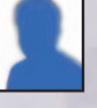

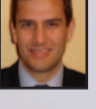

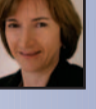

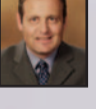

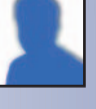

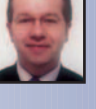

If you would like to join the *Professional Adviser* panel or have a question to submit to the panel please contact Scott Anderson on scott@msm.co.uk 0207 9407232.
